PROPOSAL TO AMEND THE GUIDELINES FOR CHAIRPERSONS

Replies to CL 2009/26-GP

(European Union)

European Union

The Member States of the European Union (MSEU) maintain their view that there is already sufficient guidance available in the Procedural Manual on the concept of consensus, including the latest amendment to the "Guidelines to Chairpersons" concerning the use of a facilitator which was adopted at the 32nd CAC. The 32nd CAC also endorsed several actions (preparation of chairs' booklet, informal meetings of chairs etc.) which will further facilitate consensus in Codex decision making.

The MSEU are not fully convinced that the paragraph proposed by Malaysia would bring additional clarity on the application of consensus. In fact it could create more questions than answers (what is meant by "justified" and "sustained"?). Nevertheless, the MSEU remain open to discuss the proposal of Malaysia and would be grateful for clarification on how this proposal would contribute to ensuring transparency in consensus building.
